

EPCOR FRENCH CREEK NEWSLETTER

SUMMER 2017

Reminder: Stage 2 Watering Restrictions are in Effect

We are currently under Stage 2 outdoor watering restrictions. What this means:

- Properties with odd-numbered addresses can ONLY water on odd numbered days between 7 – 10 a.m. or 7 – 10 p.m. for two hours MAX.
- Properties with even-numbered addresses can ONLY water on even numbered days between 7 – 10 a.m. or 7 – 10 p.m. for two hours MAX.

Conservation Tips

- Adjust your sprinklers so that they are watering your lawn and garden and not the street or sidewalk.
- Inspect your overall irrigation system for leaks, broken lines or blockage in the lines. A well-maintained system will save you money, water and time.

- Consider replacing some turf areas with low water use plants and ornamental grasses. They are easier to maintain than turf, look beautiful and require far less water.
- Add a shutoff nozzle to your garden hose and save about 5 – 7 gallons each minute your hose is on.

Community Advisory Panel

Thank you to everyone who submitted their applications for EPCOR’s voluntary Community Advisory Panel. The new panel has been selected and we held our first meeting in June to welcome new members and provide them with an overview of the French Creek water system.

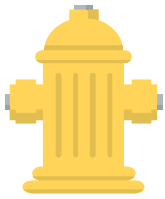

We look forward to receiving feedback from the community which will assist us in providing high quality service to our customers.

Pressure Reducing Valves

Pressure Reducing Valves are installed either directly after your home’s water meter or where the water enters your home. The valve automatically reduces pressure from the supply main providing a more appropriate pressure to the home. If the supply pressure changes the valve will ensure a constant flow at a functional pressure.

For more tips on water conservation, please see our website: www.epcor.com

**Safety Reminders:****Meters & Hydrants**

Summer is a good time to ensure your water meter is clear of debris. This keeps our meter readers safe and ensures your meter is properly read.

You can keep your neighbourhood safe by clearing leaves, grass or shrubs from nearby fire hydrants to ensure first responders have clear access in the event of an emergency.

Contact Us

EPCOR's office is open Monday to Friday between 8:00 a.m. - 4:30 p.m. We are closed from 12:00 - 12:30 p.m.

Our office will be closed for the following holidays:

AUGUST 7, SEPTEMBER 4, 2017

Phone: (250) 951-2460 Fax: (250) 954-0361

Emergency Phone: (250) 954-5337
