

DISTRIBUTION & TRANSMISSION ENVIRONMENTAL STATEMENT

At EPCOR we will comply with the principles of, and honour our commitments to, environmental protection as outlined in the EPCOR Corporate HSE Policy.

Distribution & Transmission is fully committed to the protection of the environment and the health and safety of its employees, customers and stakeholders. We provide clean water and safe, reliable electricity.

WE COMMIT TO

- Review environmental impacts within Distribution & Transmission to identify appropriate preventative action.
- Continual environmental improvement, and to conduct our operations in a sustainable manner by proactively developing appropriate management systems, procedures and measures to reduce, manage and control the environmental aspects of our operations.
- Prevent pollution by reducing wastes and pollutants through the conservation of resources, recycling materials and responsible management of chemical use.
- Comply with municipal, provincial and federal government regulatory requirements and any voluntary requirements to which EPCOR subscribes.
- Communicate actively with the public and employees regarding environmental issues.
- Review, set and communicate the environmental objectives, targets and programs annually.

We expect that every employee will adhere to the intent of this statement. If you require further information please contact your HSE Advisor.
