

TRAIL CLOSURE

OCTOBER 1, 2025 - Q1 2027

EPCOR is constructing the Rosssdale Water Treatment Plant Flood Mitigation Project.

As part of this work, the trail on the south side of the water plant will be closed from October 1, 2025 to early Q1 2027 in order to allow for the construction of the flood wall. We anticipate reopening the trail in Q1 2027. During this time, trail users will be redirected around the plant – see map for details.

We appreciate your support in helping to keep the public and workers safe.
