*The business has an office in or near this county. Many companies operate throughout the state.

Additional companies may be found in telephone directories.

To be placed on EPCOR's list of recognized companies, the following four (4) items are required:

1. Current ADEQ accepted tester certification
2. Test Gauge calibration certificates
3. Proof of liability insurance of at least \$1,000,000
4. Valid email address

If you are using a vendor not listed here, you need to provide proof of the Backflow Assembly Tester Certification and current Gauge Calibration to EPCOR (email: crossconnection@epcor.com, fax: 623-587-1044). It is the customer's responsibility to ensure the testing is complete and that the vendor used is certified to perform the testing.
