

# CONSTRUCTION NOTICE

## ELMWOOD DRY POND AND SANITARY UPGRADES

November 2017

### What's happening?

Please be advised that due to the early onset of winter this year, the landscape and concrete sidewalk repairs will be postponed until spring 2018.

We will install a temporary sidewalk wherever concrete was removed for the new construction. All temporary sidewalk and road restorations will be completed with hot mix asphalt.

### Schedule

The remaining surface restoration is scheduled to be completed for **spring 2018**.

### Safety

There are no notable safety concerns with regards to the surface restoration being rescheduled for 2018. We will take every precaution to ensure public safety, and we also need your assistance in keeping children and pets a safe distance from the construction site and the equipment.

We thank you for your patience and understanding as we continue this necessary work.

### Who do I contact for more information?

**Roger Krahn, General Manager**

CKB Construction (2004) Ltd.

Office: 780-453-6611 ext. 226
