

PUBLIC NOTICE

EPCOR WATER SERVICES INC.

ENVIRONMENTAL PROTECTION AND ENHANCEMENT ACT

NOTICE OF APPLICATION

In accordance with the Environmental Protection and Enhancement Act, EPCOR Water Services Inc. has applied to Alberta Environment and Parks for a renewal of an existing approval to operate a waterworks system. Raw water is drawn from the North Saskatchewan River and treated at the Rossdale and the E.L. Smith water treatment plants in Edmonton. The treatment components of this waterworks system consists of two conventional plants that include coagulation, flocculation, clarification, taste and odour control, chlorination, filtration, ultra violet (UV) disinfection, chloramination, fluoridation and pH adjustment. The system has capability for seasonal direction filtration operation (coagulation, filtration, ultra violet (UV) disinfection, chloramination, fluoridation and pH adjustment) as well.

The two water treatment plants' onsite reservoirs and highlift pump stations support each other in supplying potable water into Edmonton's transmission system's piping network primary zone. The highlift pump stations are supported by 10 reservoirs and pump station sites, 7 booster stations which supply a network of transmission and distribution pipes into the entire Edmonton area and to the supply points for regional water customers in the surrounding communities. The Rossdale plant is located at 9469 Rossdale Road and the E. L. Smith plant is located at 3900 E.L. Smith Road in Edmonton.

A directly affected person may provide input into certain regulatory decisions, as allowed by the Environmental Protection and Enhancement Act (section 73). Specifically, any person who is directly affected by this application may submit a written statement of concern within 30 days of the date of this notice (before December 6, 2020) to:

Environment and Parks

Regulatory Approvals Center
5th Floor, South Petroleum Plaza
9915 - 108 Street
Edmonton, Alberta T5K 2G8
Fax: (780) 422-0154
E-mail: aep.epeapplications@gov.ab.ca

The written statement of concern should include the following:

- the application number 025-638;
- describe concerns that are relevant to matters regulated by the Environmental Protection and Enhancement Act;
- explain how the filer of the concern will be directly affected by the activities proposed in the application;
- provide the legal land location of the land owned or used by the filer where the concerns described are believed to be applicable;
- state the distance between the land owned or used by the filer and the site in the application; and,
- contact information including the full name and mailing address of the filer. Please provide a telephone number and/or email address for ease of contact.

Environment and Parks will review each written statement of concern, seek more information if needed, and notify each filer by letter of the decision to accept or reject their written submission as a valid statement of concern. The Public Notice of this application will also be posted on the Department's website at <https://avw.alberta.ca/PublicNoticesViewer.aspx>.

Statements of concern submitted regarding this application are public records which are accessible by the public and the applicant. Failure to file a statement of concern may affect the right to file a Notice of Appeal with the Environmental Appeals Board.

Copies of the application and additional information can be obtained from:

EPCOR Water Services Inc.
