

# MANUAL AIRVENT REPORT

**AIR VENT NUMBER** Insert the vent number. This is provided by the EPCOR Network Services and Operations Engineering Group

**CADASTRAL NO** Indicate if available.  
Example: 940+32-10

**OWNER** Indicate the name of owner.  
Example: EPCOR

**OPERATOR** Indicate the name of operator.  
Example: EPCOR

## CONTROL VALVE LOCATION

**CONTROL VALVE NUMBER** Insert the control valve number

**NEAREST INTERSECTION** Insert the Street and Avenue that the air vent is located on.  
Example: St. = 136 St. Ave. = 114 Ave.

**ALIGNMENT** Insert measurements in two different directions, to the nearest hundredth of a metre of the air vent to the P/L of a Street, Avenue, Lane, Walkway, or Utility lot.  
Example: 6.76 E.E.P.L. of 136 St.  
7.62 S.N.P.L. of 110 Ave.

**WATER MAIN ALIGNMENT** Insert description of location of nearest water main

## AIR VENT LOCATION

**IN CHAMBER?** Insert whether vent is in Chamber or not.  
Example: YES

**ALIGNMENT** Insert measurements in tow different directions, to the nearest hundredth of a metre, of the air vent to the P/L of a Street, Avenue, Lane, Walkway, or Utility lot  
Example: 6.76E.E.P.L. of 136 St.  
7.62 S.N.P.L. of 110 Ave.

**X COORDINATE** Insert the X coordinate for the air vent  
Example: 28987.23

**Y COORDINATE** Insert the Y coordinate for the air vent  
Example: 5934620.57

**Z COORDINATE (Ground Elev.)** Insert the elevation of the surface of the ground as a Z coordinate  
Example: 683.12

## AIR VENT LEAD INFORMATION (if applicable)

<b>MANUFACTURER</b>	Insert the air vent lead manufacturer
<b>MODEL</b>	Insert the air vent lead model number Example: 143C
<b>DIAMETER</b>	Insert the air vent lead diameter Example: 150
<b>MATERIAL TYPE</b>	Insert the air vent lead material number Example: Copper
<b>MAIN (LEAD) LENGTH</b>	Insert the air vent lead length in metres. Example: 1.3m
<b>JOINT TYPE</b>	Indicate the type of joint on the air vent lead. Example: Bell
<b>INSTALLATION DATE</b>	Insert the date when the air vent was installed Example: July 8, 2000

## PROJECT INFORMATION

<b>PROJECT NO.</b>	Insert the project number. This is provided by EPCOR Network and Operations Engineering Section and can be found (in the case of Private Development plans) on "Storm, Sanitary, and Water main" overall plan. Example: PR150200
<b>PROJECT YEAR</b>	Insert the project year. This is provided by EPCOR Network and Operations Engineering Section and can be found (in the case of Private Development plans) on "Storm, Sanitary, and Water main" overall plan. Example: 2000
<b>WORK ORDER NO.</b>	Insert the work order. This is provided by EPCOR Network and Operations Engineering Section and can be found (in the case of Private Development plans) on "Storm, Sanitary, and Water main" overall plan. Example: WO180200
<b>WORK ORDER YEAR</b>	Insert the work order year. This is provided by EPCOR Network and Operations Engineering Section and can be found (in the case of Private Development plans) on "Storm, Sanitary, and Water main" overall plan. Example: 2000
<b>CONTRACTOR</b>	Insert the name of the Contractor Example: Conway
<b>CONSTRUCTION FOREMAN</b>	Insert the name of the Construction Foreman Example: J. Henry

**FIELD SKETCH AND COMMENTS**

Provide comments and a sketch if not included in as-built drawings.
