- Supporting Documents incomplete or missing
- Application submitted after eligibility expiry date
- Applicant not eligible
- Construction Certificate missing

# Water Main Cost Sharing Application Form

As part of the cost-sharing application, companies must submit supporting documents verifying that all as-built information has been submitted. The following documents must be included with the cost-sharing application to be eligible for a rebate:

- A copy of the approved Construction Completion Certificate signed by the City Planning and Development representative.
- An 11x17 overall water main plan highlighting which mains are included in the rebate application.
- One copy each of the As-Built Quantities and Costs Report and the Progress Payment Certificate indicating pipe diameters, lengths, and pressure classes.
- A copy of the letter sent to EPCOR Water Services indicating that all as-built and commissioning information (grade sheets, pressure and leakage tests results, chlorine residuals, bacteriological results, hydrant and valve reports) has been submitted.
- A copy of the letter sent to EPCOR Water Services indicating that red-line paper as-builts have been submitted.
- A copy of the letter sent to EPCOR Water Services requesting the appropriate hydrant flow test.
- A copy of the letter sent to the City of Edmonton Drainage Services Branch indicating that the appropriate service reports have been submitted.
- A copy of a letter indicating that the appropriate Utility right-of-way or easement agreements have been sent to EPCOR Water Services. If no agreements are required, a copy of a letter indicating that the enclosed project or subdivision did not require any easement agreements for the associated water mains or water appurtenances.
- A copy of a letter indicating that the appropriate crossing agreements have been sent to EPCOR Water Services. If no agreements are required, a copy of a letter indicating that the enclosed project or subdivision did not require any crossing agreements for the associated water mains or water appurtenances.

EWSI will return all incomplete packages. The applicant must re-submit the package with the completed information within the 6-Month Eligibility Expiry Date to be eligible for a rebate.
