

BE A GOOD NEIGHBOUR. KEEP FOGs OUT OF YOUR KITCHEN DRAINS.

Remember that Fats, Oils and Grease (FOGs) can cause problems for your business and for the municipal wastewater collection system. Follow these simple instructions to eliminate FOGs from building up in your pipes.

CLEAN YOUR DISHES BEFORE
WASHING

WIPE FOG FROM POTS AND PANS

STORE YOUR USED FRYER GREASE
(AND THEN RECYCLE)

INSPECT YOUR GREASE
INTERCEPTOR AND TRAPS
REGULARLY

Making an effort to reduce FOG's from going down the drain will prevent odours, sewer backups and clogged pipes at your business. It will also help to reduce the chance of damages to the municipal wastewater system or to nearby homes and businesses. VISIT EPCOR.COM/FOGS FOR MORE INFORMATION
